

AWARDED ONE OF AMERICA'S HEALTHIEST COMMUNITIES

ORCHID ISLAND GOLF & BEACH CLUB

This prestigious distinction is bestowed to only a small percentage of private clubs across America.

VERO BEACH, FLORIDA: Orchid Island Golf & Beach Club is widely lauded as one of the most visually stunning and exclusive barrier island private clubs. Situated between the Atlantic Ocean and the scenic Indian River it offers a lush Audubon certified Arnold Palmer golf course, eight Har-Tru tennis courts, an attractive West Indies-styled Beach Club with direct access to a mile-long secluded beach, a traditional golf clubhouse, and a new 11,000 square-foot wellness and fitness center.

"Orchid Island is in one of the nicest spots along the Treasure Coast of Florida," described Arnold Palmer. "The club is simply outstanding."

"Eleven years ago, three of our Members formed a **yacht club**.

We now have almost 100 Orchid Island Members actively participating. Several times per year, they hold a 'raft-up.'

Members tie their boats together to create a flotilla, then traverse from ship to ship to **celebrate** good company, fine wine, and fancy food."

— JACKIE KENNEDY,
MEMBERSHIP DIRECTOR,
ORCHID ISLAND

THERE IS AN ATHLETE IN EVERYONE

While golf is a leading amenity at Orchid Island, it is only the tip of the iceberg of available activities. "Our Members are a congenial group," said Jackie Kennedy, membership director. "We have one of the largest bridge clubs in Florida, a chorus club that performs two sold out shows each year, and an art club for our Members to showcase their bronze sculptures, oil paintings and other mixed media."

Denise Duda, director of fitness at Orchid Island, is on a mission. "We reach out to all of our Members—no matter their age or physical fitness ability—to create a customized fitness program," explained Duda. "There is an athlete in everyone. The objective is to figure out a health regimen that works for you."

Orchid Island was awarded one of "America's Healthiest Clubs" by Prevo Health. "The team spent time reviewing all aspects of Orchid Island's seamless approach to health and wellness including evaluation of the fitness rooms, schedule of classes, tracking, follow-up and even culinary offerings," said Duda. ■
